

DotSlash

DotSlash, the renowned coding club at the Indian Institute of Information Technology Nagpur (IIITN), is dedicated to students who are passionate about competitive programming and coding challenges. The club aims to promote a culture of coding excellence within IIITN.

The primary goal of DotSlash is to offer a platform for students to participate in coding contests, enhance their programming skills through classes, and engage in discussions about contest strategies and techniques. DotSlash plays a crucial role in empowering students with the skills and knowledge needed for success in competitive programming and beyond.

Events /Activities

- Montly Contest : DotSlash will be conducting monthly contest on hackerank
- PCD : after every codechef and monthly contest dotslash organize Post Contest Discussion(PCD) in order to resolve doubts of students appearing for the contest
- Tantra Feista :
 - CodeFeista
 - Algorithmia
 - Quant Quest

Yearly Plans

- From Sept 21 there would be a four weeks program in collaboration with GDG for guiding students in Competitive Programing
- There would be a coding contest organized by dotslash community on the 10th of Every month
- Winter of Code
- February Code Challenge: Just like in September there would be another round of competitive programming
