

HACKSAGON 2020

GRAND FINALE (Online Platform)

Rules and Regulation:

Note: Good internet speed is required for the video call. The participated team will be responsible for in-between video call disconnection. Therefore, make sure that you have high-speed internet connectivity.

- You have to register yourself for the final round by **9th September 2020**.
- Final Schedule and meeting ID will be provided to all teams by **10th September 2020**.
- For the software category, all teams have to submit the presentation/demo video and code by 11th September to us by mail (ieeestudentbranch@iiitm.ac.in).
- The maximum time allocated for the presentation and demo is **20 minutes**. After that panel will ask the questions related to that project.
- Novelty and importance for society should be clear in your presentation.
- **For the hardware category:** We understand that all institutes are closed due to the Covid-19 pandemic, so components are not easily available for the final product. Therefore, for this category, you can skip the demo part (if not available with you). We will not allocate any marks for the demo part. Therefore, you have to focus on the novelty, benefits, block diagram, and methodology part more.
- For the hardware category, all teams have to submit the presentation/demo video by 11th September to us by mail.
- Other details regarding the event will be updated to you from time to time.
- For any inquiry, you can contact Dr. Somesh Kumar, Ph. No. +91-7009594389.
